

What is Going Merry?

Going Merry is a scholarship application platform. We're here to help students find, apply for, and win scholarships without ever having to leave our site.

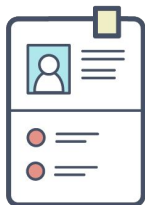

How are we different from scholarship search engines?

We are inspired by what the Common App has done for college applications. This means:

- **Direct applications** - You can apply directly to multiple scholarships - you never leave our site.
- **Auto Filled applications** - We autofill all of the information from your profile into each application, saving you time.
- **Estimated application times** - Every scholarship has an estimated application time and difficulty rating to help you prioritize them.
- **Scholarships grouped by essay topics** - We've checked each scholarship for common essay questions so you can minimize the number of essays you have to write.
